

PREACHING No.11: SPEAK NOW!

(Preached on Sunday December, 01, 2002 morning in Locodjro, Abidjan - Ivory Coast / www.matth25v6.org)

I don't stop inviting you to wisdom. Do not commit the same sins of Israel against the prophets, of Rome against the Saints. By cursing me, calling me a devil, antichrist, nivaquine preaching ... know that it is to God that you do it. I was pagan and on April 24, 1993, in a vision, I received the conversion and the next day while I was sitting at home, I was transported in vision in an all desert country and I received the commission to preach the judgment. It's after these two visions that I went to church for the very first time. And if you cannot take the Bible to contradict what I preach, so keep quiet! Do not load yourselves with curses! I've never been to a seminary or any bible training, I do not read the so-called christian books of your bookstores, because He who sent me is with me.

Now, I want to get, a little, at the Ivory Coast to complete what I have already said: By birth, this country is of the kind of those that are born in palaces of king. Forest, subsoil, sea, ... and that made that all the surrounding countries prostrated themselves down and served her in her fields. Burkina was a slave in her fields and her house keeper. She progresses oil from Nigeria, provides electricity up to beyond her neighbours. All the birds of the sky, all the animals of the field used to come from afar and find their place alongside her. The grace, power and glory on her were as if God was unjust. Certainly, God was expecting much from her. But when she became strong, she chose the way of the wicked, those who feel hatred for God and whose memory fades each day by volcanoes, floods, hurricanes, terrorism, earthquakes, wars, ... Sin is called "national patrimony" after the example of voodoo, poro, dipri, masks, warriors' dances, fokué, gbékagnan which are animal practices that we should not mention at the time of Christianity. Each village has a fetish priest, mask, sacred river, ... even if it's a single person who indulges in such practices and you do not say anything then it's the whole village that is guilty. Even a zoo is a sin for a country. A park, okay! But a zoo is a sin. An eagle, a lion in a cage ... it's the same for someone who has a monkey chained at his home. Thus saith the Lord, liberate them if not it's the curse on you!

This country having received the Gospel for a century has preferred to opt for its customs. Between the body, the coat and the Spirit of Jesus, they chose the coat and with it, all the curses of the Bible. There is not a curse of Deut.28 which did not swoop down on her. Has she been besieged by cruel peoples of fierce countenance from afar? Have these people been for Ivory Coast heavy stones, suffocating her in all her cities and villages? Are these people dominating on her? Yes! Because the real domination is economic; politics is not it but in an honorary way. We also see wild animals, wild beasts which are the giants of antiquity invade cities with scorpions, dragons, snakes on the biceps, pierced ears, erroneous hairstyles and new languages and they are all fruits of sin. Some come from this nursery of bandits called "child of the street ". Yet we know that the street is not a person to make children. They are fruits of adultery and fornication, conceived in hotels, markets, offices, cars, unfinished houses ... Having sexual intercourse at least before the dowry, it is to go against oneself, against one's country and against God. And the earth is full of it. The university residencies are centers of prostitution on a large scale. And the first lady distributes condoms to them in order that the country defiles itself again, legalizing thus fornication, adultery and prostitution. For all the world, condoms can't be recommended. And the Ivory Coast persisted in immorality until a dance like "mapouka" is legalized and exported as coffee and cocoa. Princess streets, newspapers exposing naked women are authorized. Zaire, this immoral country, has always served her as a model. When someone is censored in his country, he can freely come and show off here. The Ivory Coast has demonstrated that she could as regards to sin do worse than many countries. And they are immoral people, others like Hanny Tchélé, having posed naked in films right here that we prefer as presenter on TV to destroy the youth. An unthinking country!

The devil has made of the earth his Eden and of the woman an advertising thing. The only biblical mark of beauty is the face. "Rebecca [Gen.24: 16] Sarah [Gen.12:11], Rachel [Gen.29:17], Abigail [1 Sam.25:3] Tamar [2 Sam.14:27] ... But the devil invented other marks: the buttocks then the navel then the complexion then the makeup which is a calling of the divine perfection into question: a way of saying "God should do this way". The fate of Jezebel is reserved to you. A divine hand seized dogs to eat your great-grandmother Jezebel but what happened? The dogs did not touch the skull, feet and palms of hands because of the makeup and nail polishes. My very dear sisters, God wants to see you as He created you. Stay so!

[...] And as if that was not much, at the instigation of the prophets of Baal, she brought to power Ahab and his wife Jezebel. The worst of all her sons. The one who fought Houphouët his father since the 1970s tirelessly and who, in 1990, raised the house against this father. Like Ham, he exposed the nakedness of his father to the eyes of the world and encouraged the whole country to do likewise. And it is this same spirit of rebellion that drove the Ivory Coast against France. Every anti-French spirit is from the devil. The same God who cannot raise the Church against Christ or woman against man, that God cannot support a rebellion of the Ivory Coast against France or of Congo against Belgium. And when you behave this way, before receiving goods from them, have the humility and the courage to ask for their forgiveness. I'm not saying that France has not done wrong but you have no right to do what you are doing. But it is the same demon that came in the Ivory Coast when he was brought to power. But having prevented his father from ruling over the whole nation, how will he rule over the whole State? Having tormented with whips, will he not be tormented with scorpions? Bringing such a man to power it is to call on the country the curse that was to fall on him alone. If his throne becomes stronger at peace and that he rules over the whole state then I am not a man of God and God did not speak to me at all. Pastor David asked some faithful to opt for this choice but the Almighty did not want me to defile myself with such a choice. If the Ivory Coast had the choice between God and Satan, she would choose Satan with his churches and prophets. When God gives the throne, He strengthens it. It is against yourselves that you made that choice. I say this under the virtue of what I received from God. He and his wife are my children and all their ministers are my grandsons. But before I enter at such persons' in good, they must publicly revoke all the presidents and prophets of churches who eat at their table and they must commit themselves to no longer have share with them.

And we see his wife Jezebel, a small member of the teaching profession set herself as a prophetess, giving instructions to christians up to ask pastors to use condoms and to advise it to the faithful of their churches, plunging thus an impure hand into holy things, if there had. And these pastors, presidents and prophets of churches, these kinglets do not dare to close the mouth to this little pagan who is here today and who will disappear tomorrow. You, CNEPECI, FECI [*the two major federations of churches in the Ivory Coast*] You! Fraternities of sorcerers in sheep's coat, Jesus Christ has defeated you! You want to eat at God's table and at the table of Caesar? The sword will pursue you in broad daylight and the hell will receive you. The enemy of the earth, it's you! Because you want to build financial empires then you dally with the sin? God will destroy you! ... You Goliath with feet of clay, this Message will hit you. It's your torment that has begun. You! Magicians! Fleshy and plump Wolves! Domesticated snakes! Residences of Satan, drunk with the blood of innocent people in search of Salvation, how long will you live again on earth? And the hell and the lake of fire and all the dwelleth of the dead do not cease to cry out against you: "condemnation"condemnation"condemnation ". Why? Because you have the hell as nationality. [Unpublished part] ...

You dabble in politics and you say we do not go in for politics! It's like someone who says: *"I do not eat pork but I eat pork sauce"*.

In 1993, this country raised up against Ghanaians, poor people who came on a land said hospitable to seek their bread. I saw human beings dying far from their home in conditions that we cannot even wish an animal. In Yopougon, near Saguidiba, a woman died of a pestle stuck into the genitals up to the belly. What supplication and what forgiveness had she not asked for? What pity had she not inspired before this cruel Ivory Coast that groans now from countries to countries with a language of lamb! Why was Ghana the first exit, the first hospital of the Ivory Coast after September 19? Since 1993, these innocent bloods have never ceased to cry toward God: "How long, just and true God, will you tarry to judge and avenge our blood on the inhabitants of this country?". After that, the Ivory Coast by her son Yodé released a cassette praising her crimes and all the country danced it ... Going against a foreigner, a widow or an orphan, God cannot let that go unpunished. And if I were a soldier, I would never bear arms for such a country, for Sodom and Gomorrah. I will never accept to die as enemy of God. I am Christian before being Ivorian. Every man dies with a crown and an inscription on his crown, what triumphed of his life ... Land of hope, country of hospitality, home of the true brotherhood? God is love but he is also the God of justice and judgment. The tree falls on the side where it inclines!
