

PREACHING No.27: ON GENESIS 7

(Preached on Sunday September 12, 2004 morning in Locodjro, Abidjan – Ivory Coast / www.matth25v6.org)

At the end of this preaching, we will have a phase of questions-answers. Let's take our Bibles. [Brother Philip reads Genesis 7:1-4]... I wish to talk about an important subject: how did the sons of the devil that we see in Gen.4:17-24 pass through the flood in the days of Noah? If somebody has already preached this revelation, I have neither read nor heard it but like the other times that was revealed to me on August 31, 2004. Before that, I thought that, either one of the children of Noah was of the devil, Cham particularly or one of the three wives carried an adulterine child. I thought that, as by the adultery of Eve the children of the devil had entered into the world, it had been the same way with the daughters-in-law of Noah. But by the grace of God I have never spoke of these things. I also heard that it would be one of the three wives of Noah who would be of the devil. I also heard that at the flood all the children of Cain being destroyed, it was spiritually that that happened. The most precious of these things was that, as by adultery, the children of the devil entered into the world, one of the three daughters-in-law of Noah would be pregnant of a son of the devil by adultery. All these declarations are valuable but do not account for what it is. They are false. If all the children of Cain were destroyed then the world should be a paradise in the first moments of after the flood at least. But we can see that later on, the world was so quickly corrupt that in chapter 11 already, God confused their language. And it cannot be question of spirits that is to say angels because an angel cannot come towards a woman otherwise Satan would do it without using the serpent towards Eve And if an evil spirit did it after the flood, who did he use if it is not the serpent which lost its first state?

People certainly spoke before the time when God Himself should raise this veil. Thus, that day, I was sitting and... Well, I am going to explain you how I receive these preachings. Not in a dream, not in prayer, not by seeking... but I am busy with something. If a prophet tells me: "*Brother Philip, halleluiah! I questioned the Lord on such a mystery and He revealed it to me in a glorious vision!*", I will not believe in that revelation! A prophet must respect the sovereignty of God. It is God who has to choose the time, the circumstance and the person to whom He needs to reveal a mystery still hidden to humanity. You, hallow yourselves! For example, on August 31, I was cleaning my mobile phone and without thinking of it, I felt the Spirit coming down very slightly upon me... that was repeated two or three small times more and I no more felt anything, then fifteen to thirty minutes later, I know what I did not know an hour ago. And when that happens, I am always alone and many days before that, I am in a good disposition of man. And over these three years when this Message is being delivered, it has been so; so much so that I spent twelve entire and consecutive months without approaching my own wife.

Well, what happened then? Who was thus of devil in Noah's Ark? We are approaching it little by little... In the heaven, there are some angels that do not progress. They are either of God, or of the devil. That is why our spirit has only one sense which is: either faith which is of God or incredulity [or doubt] which is of the devil; whereas the body has five: taste, touching, sight, smelling and hearing. And the soul has also five: imagination, reason, feeling, conscience and memory. But as for the [S]pirit, It is of God and It has faith or it is of the devil and it does not believe or it doubts. But on the earth, there were sons of the devil before the Flood and if there are some after that then the chain was not broken and that's it. I am talking about the fleshly chain.

Here is thus the revelation on this subject: In the garden of Eden, there were two seeds that came out of Eve: Seth (to replace Abel) and Cain, themselves respectively descendants of Adam and the serpent. Adam is the pure seed and the serpent is the impure seed. Eve is a pure seed as well. Thus, all the children of Adam and Eve were pure seeds, therefore of God. But any cross of pure and impure seeds is a hybrid seed... But the hybrid seed has thousands of pure and impure seeds in his loins. If the seed coming from the woman is pure and that coming from the man is pure, that will give a son of God; But impure and impure gives a son of the devil then pure and impure gives impure, thus a son of the devil. And notice that after the hybridisation, a son of the devil and a daughter of the devil can give a child of God since they both also have pure seeds even if it is in small number and a son of God and a daughter of God can also bring a son of the devil into the world. Also, the impure ones are more numerous within the loins because of the unceasing war between them. Like Esau and Jacob. Moreover, like Abel and Cain, they are the impure ones that eliminate the pure ones. If God had not destroyed the earth, there would not be any son of God. You see that out of six billion men already, there were only eight in Noah's days. It is the same war that took place in the heaven between Michael and Satan's angels that is continuing there. It is the same war between Esau and Jacob in Rebecca's womb, between Abel and Cain up to today and which will go up to the war of Armagedon. And when God sends the pure seed of the Word on the earth, Satan tries to hybridise and appropriate it. In the garden, the Spirit of God and the spirit of the devil were working respectively on Adam and the serpent. Thus, Adam, Eve, Abel and Seth and Adam and Eve's daughters who did not unite with Cain and his posterity were entirely pure and were saved. After this generation, uncertainty starts for man because Cain and his sons multiplied in great number also through polygamies, fornication, adultery by means of their huge riches and it was them who led the world and who voted laws. Thus, 1600 years later, according to Genesis 6:11-12, the earth was corrupt. But the grace of God made that, in that time, there was a sign. A pure seed crossed a pure seed and that gave Noah, then there was the same thing somewhere and that gave a woman and God made that they met and had three sons who could be impure but who were pure. Ham was a son of God, I say it in the name of the Lord. And their three wives were also daughters of God. Thus, in Noah's ark, there were no sons or daughters of the devil. Since Noah's daughters-in-law were of God, they believed and entered into the arch but according to Gen.19:14, Lot's sons-in-law did not believe in Lot. Yet, in the loins of all the eight of them, there were pure and impure seeds but with a dominance of pure seeds. And for example, out of twelve children that Japheth and his wife had, two could be of God and the others of the devil. Thus, if God had allowed

Noah to go beyond his three sons, he would have sons and daughters of the devil because, in 1600 years, there were tens of hybridisations in his line of descents. The evidence is that, there were some Nimrod and Judas Iscariote on the earth. And if the Flood had not come, there would be no more sons of God on the earth. And that is also applied to Matthew 13:24-30. Make a coffee plantation, thistles and thorns and creepers will emerge and, one day of these days, will prevail on the coffee-trees and that field will become again the same forest that you had cut down.

What I am preaching this morning, Noah saw it but he did not understand. But according to Act.3:21, that should be known in the time of the restoring of all things. Well! When his white cock and his white hen that remained of their species started to... When the first chicks of after the Flood came out of their eggs, Noah saw that some of them were white, spotted, black... The ewe, similar! ... Ham brought into the world a child resembling Noah's brother who had died in the Flood. Noah saw that the Flood had destroyed people but not seeds. If all the Albinos, children and great, died one day, would there never be any more Albinos on the earth? There will be! You see that I stammer but my father and my mother do not stammer. If God wanted to destroy all those who stammered on the earth when my father and my mother were young, they would remain alive and there would be no man who stammers on the earth. But after that destruction, here is Kacou Philip who stammers. That is what occurred at the Flood. [Ed: *the congregation says: "Amen!!"*]. And I am on the lookout to see what my daughter Grace who is now eleven months, my only child, will become. But I believe that she will be a wonderful sister [Ed: *Bro. Philip is the father of two girls: Assa Grace, born on October 05, 2003 and Anna Mary, born on February 22, 2006*].

Brethren, weren't Christians, true children of God fleeing Roman persecutions who went to populate the United States? Where do those demons in the flesh, walking in the streets of Hollywood, come from? You American, how can you imagine that a Ben Laden may exist after the Flood? That is the mystery.

Well, Cain has pure and impure seeds because he is also a son of Eve who is pure and will mysteriously be able to beget a son of God. And that daughter of Adam and Eve, wife of Cain needs to repent, leave Cain, be purified to be saved. Their children are hybrid and might in their turn produce sons of God. The case of Jacob was prophetic. He had twelve sons among whom only one was of the devil, Dan who had the snake for an emblem according to Genesis 49:17 for Jesus-Christ was going to have also twelve sons among whom only one, Judas Iscariote would be of the devil. For that, Jacob needed 4 wives and God directed the seeds. The name of Dan was blotted out of the twelve tribes according to Rev.7 like Judas'. Thus, after the Flood, the sole human on earth who did not have any impure seed in his loins was Jesus. Thus, listen to this now: we know that Joseph is not Jesus' father but I also tell you that the egg from which the body of Jesus-Christ was formed does not come from Mary because Mary has impure seeds in her and it is absolutely impossible that Mary may produce a child having no impure seed in his loins.

The baptism of the Holy Spirit does not take off this state from us but leads us to the exit which is the heavenly body that Jesus took at His resurrection and He did not allow Mary Magdalene to touch Him. John 20:17. Elijah and Moses had it on but we are awaiting that with Peter, Paul, Wesley, William Branham... there, we will be like the angels without any impure seed in us, we will not be able to eat rice and other until, after the marriage we should descend on the earth in the millennium as in Genesis 18 in envelopes like these bodies which can eat again but also being able to disappear, appear... gods.

Thus, according to the revelation that was granted to me, thus did the sons of the devil pass through the Flood. Thus, 300 years after the Flood, when Noah saw some men with drawings on their biceps, polygamous, women in trousers, pastoral schools... he said: *"did not God destroy these ones? How does it come that there are still some? Certainly my daughters-in-law are..."* God told him: *"Noah! Noah! It is not that! But these things are hidden and sealed until the time of the end"*. And Noah Blessed God. And in this end of time, when the earth was corrupt as in Noah's days, God remembered and sent a man with the ministry of Noah to whom the promise of the revelation had been given so that whoever believes has the eternal Life. No matter how many dead people you have raised, be called Osborn, Billy Graham, Ewald Frank or whatever, you are obliged to enter into Noah's Ark to have the eternal Life. And that ark of Noah, which is also a type of this Message, was an offensive, abusive and barbarian Message that he preached and that rejected everyone; a Message that he did not go and seek somewhere but that the Angel had given him. [Followed by questions -answers during which some brethren talk about genetics to Brother Philip. He has never heard of it.]
