

PREACHING No.53: THE SEVEN DIMENSIONS

(Preached on Sunday May 1, 2005 morning in Locodjro, Abidjan – Ivory Coast / www.math25v6.org)

Very well, I would like to answer a small question: "*Brother Philip, can a Christian be in the army?*" Here is a question that will make certainly people disagree with me but I must answer. To this question, I say: ... But concerning bailiffs, police officers and gendarmes, when the question was put to John the Baptist, he said that they should not do what they are doing today. Let's read that in Luke 3 from verse 12 to verse 14: "... *and they said to him, Teacher, what should we do? And he said to them, Take no more money than what is appointed to you. And persons engaged in military service also asked him saying, And we, what should we do? And he said to them, Oppress no one, nor accuse falsely, and be satisfied with your pay.*" That is, be satisfied with your wages. Concerning setting up order, that is very good but I cannot admit that a brother saved by grace may kill somebody, no matter the evil that the man did. And I would not appreciate that a brother, bailiff, may throw the belongings of a family out, throwing shame and humiliation on a worthy father of family who is perhaps going through some hard times, traumatising innocent children. If you hold these positions, apply yourselves to doing everything according to the Word otherwise save money and convert into other activities. You see, I have not said therefore that a Christian cannot do that. In Luke 3, John did not tell them to leave their position. If somebody gives you a tip for having been helpful to him, you can take that but you, do not impose that to him! [Ed: *In December 2005 we could already count within the Message some brethren who are in the police, the gendarmerie and army.*]

Well, within these days we received a prophet who says that he is sent to preach the divinity of Branham to humanity. He says that the new name of God is William Branham. He already worships Branham, prays Branham and baptises in the name of Branham in the same way that we baptise in Jesus-Christ's name. He had come with a great number of brochures of William Branham in order to confirm his revelation by the sayings of Brother Branham. And as soon as he started reading quotes, I stopped him and I asked him to use only the Bible! He took his Louis Segond bible and he started groping about. You see? That is the ignorance of new souls that the devil exploits. Brother, when you have not done the evening time, do not let those branhamists open a brochure before you. If I based myself only one moment on the Message of somebody to confirm the midnight Cry, then I would be a liar. **THE ONLY AND SINGLE BASE MUST BE THE BIBLE.** And it is by the Bible that I confirmed the midnight Cry. The only possibility in which I could accept his procedure was the case I was a branhamist. I believe that Luther is a messenger of God but I can never accept that today, four hundred and fifty-nine years after the death of Luther and since I am not a lutheran, somebody comes before me to talk to me with some writings of Luther. Where will he lead me? You see? I believe that Wesley is a man of God but I can never admit that today, two hundred and fourteen years after the death of Wesley and since I am not a methodist, somebody comes before me to talk to me with some writings of Wesley. Where will he lead me? It is the same thing with a branhamist! They are Messages from God but adjourned Messages, rusty swords. If he cannot take the Bible to talk to you, do not listen to him! God will never send a man on the earth to enlighten another man's message but to reveal the Bible. The Bible is the foundation and from eternity to eternity, the Bible will remain our foundation. And those branhamist serpents, those poisonous get people mixed up with brochures instead of taking the Bible. Only can the inspiration of Satan do what they are doing. Because, on the basis of Luther and Wesley, we are false ones! Luther and Wesley baptised by aspersion in the name of the Father and the Son and the Holy Spirit. On the basis of Wesley, William Branham is a false one because Wesley did not believe in predestination. You see? That is why each Message "annuls" the preceding Message. And if I also want to quote the midnight Message which says that "*branhamist churches, [those who are still following the Message of William Branham] are nets of Satan. The Message of the evening time is the adjourned manna*" what will they say? See that this single quote will annul all you will say to me! ... If they want to talk to you, let them use only the Bible. I am saying it especially for those who do not come from the evening time because serpents try to exploit your ignorance. If they insist on speaking with brochures then there is a multitude of brethren here, coming from the evening time, who are disposed to that. And you will witness the talk. Because it is true that I spoke much about this evening time in the Message of the hour but you are like people who saw the Eiffel Tower on television. You will not be able to discuss about this tower with an inhabitant of Paris. But the providence of God has made wonders in the way that several brethren who came from evangelical churches have already evangelised some branhamists. And I believe that everybody here even former catholics will do it but wait till you are true lions. Thus, when you have not done the evening time, do not let a branhamist open a brochure before you.

And it is in this way that several with demonic anointings, with the aim of showing and setting themselves up as what they are not, say they are the midnight Cry. But I have not yet found only one among them who can tell me that he has not, in his past, drunk strong drinks or smoked or chased women. Without speaking about call, commission and Message. They are all serpents. They are there for years and years, they have never been beyond the limits of their own country. And people corrupt in their flesh and spirit, people who have sacrificed their souls on the altar of worldliness and hell, follow them.

Well, I would like to explain to the new people why we believe that the order to burn these false versions of bibles comes from God. For some, they burn them because God has revealed through a prophet that a spirit of divination stood behind, that is the true faith. They do it by faith because God has said to do it. But for some, they burn them because they see errors, because they see: "*Louis Segond, doctor of divinity*". If there were no error, they would not believe. Yet, the Lord said in Matth.18:3: "*Verily I say to you, Unless ye,... become as little children, ye will not at all enter into the kingdom of the heavens.*".

Thus, we do not burn the Bible, the Holy Bible which is our foundation but false versions of bibles. Let's read Acts 19:19: *"And many of those that practised curious arts brought their books of charms and burnt them before all. And they reckoned up the prices of them, and found it fifty thousand pieces of silver."* You see? That is what happened in the beginning. Verse 18 says that they confessed publicly. *"And many of those that believed came confessing and declaring their deeds."* The Apostles burnt precious books inspired from the Psalms and books of Moses and the prophets. Books which were claimed to bring a greater light of what Moses had said. The Apostles said: *"No matter who wrote that, no matter his sincerity and his attachment to Moses, burn these books. Because behind these books are the demons, fallen angels that answer you. It is the God who has created you, the God of Moses that sends us towards you!"* And God ordered them to burn those books for, at the end of all things, Satan and his angels will be cast into fire. That was the order of the Message of their time. But also, it is a law of God that any hiding-place of Satan should be burnt and in those days those books were the hiding-place of Satan on the earth. Those who accepted Jesus-Christ then brought the pharisee evangelical books, the false translations of the Old Testament, the Torah (books of Moses), the essene evangelical books, the evangelical books of the hellenists, the evangelical books of the disciples of Moses, the evangelical books of the companions of Moses, the books of Rabbi this, the book of Rabbi that... the book of the priest this, the book of the chief priest that... the book of the scribe this, the book of the superintendent that... the books on such and such subjects, all kinds... but the Apostles burnt them all in Act.19:19! What book do you think a Jew will believe or have with him if this book does not talk of Moses, Abraham, Elijah, David or whatever? And you will say: *"Brother Philip, in that time, people did not observe the law, each one did what he wanted!"* No, brethren, the Bible says that they were Jews and I also tell you that the law was observed literally like in Moses' days! As a proof, a woman taken in adultery was going to be stoned if Jesus had not intervened. You see? What does Deu.18 say? *"There shall not be found among you... that useth divination, that useth auguries, or an enchanter, or a sorcerer, or a charmer, or one that inquireth of a spirit of Python, or a soothsayer, or one that consulteth the dead..."*. You see? They were religious books in which the Eternal Jehovah and Moses were the central point like the so-called christian books today. Evangelical books of all the churches.

And I challenge the whole christendom to show me only one book of the Old Testament bearing the name of a priest! There were powerful priests, powerful scribes, powerful men in the priesthood such as Azariah, Amaziah, Zadok, Abiathar... and Jesus quoted Abiathar as a reference but no book of the Old Testament bears their names, never! Only a prophet messenger is entitled to write. We can see the book of such prophet, the book of such prophet, the book of such prophet but never the book of a priest even if he is a superintendent! You see? No matter how powerful a pastor, an apostle, a doctor, a prophet is, God has never allowed him to write a book! You will say: *"Oh Brother Philip, the Apostle Peter wrote..."* Yes brethren! But the twelve apostles of Jesus could do that as prophets having received their Message directly from God in a human form. However, you see that they did not go far! It is the pure truth! Nehemiah, Ezra, the Kings and Chronicles are the chronicles of the children and kings of Israel. You see? Job is a prophet. David, the author of the psalms, is a prophet. Does not the Bible say that David is a prophet? [Ed: *the congregation says, Amen!... A brother says: Act.2:30*]. You see? When we talk of the Old Testament, we talk of *the law and the prophets!* Moses, Joshua, Samuel, Jeremiah, Isaiah, Ezekiel, Daniel and after Daniel, a succession of twelve prophets to end with Malachi. You see? Show me only one book written by a priest! ... Only the prophet messenger! No other apostle can write because the prophet from whom he holds his apostleship is not God! You see? No apostle, no doctor, no pastor, no evangelist!... no matter how powerful Osborn or Yongi Cho or Ewald Frank is, if they are of God, they will make all their writings disappear to accept only that of the prophet-messenger of their time. [Ed: *the congregation says: Amen!*]. And no one can interpret a prophecy, a mystery or anything in the Bible if he is not a prophet-messenger... If, thus, a pastor or whoever wants to give a meaning to Joel 2:28, it is a hissing of serpent! You see? In about three thousand years, the Library of God in the days of Jesus counted only thirty-nine books. But in two thousand years that of Satan has reached some thousands... If the Old Testament from Moses to the first coming of Christ, is the shadow of the New Testament and that the shadow counts 39 books, how can it be from the book of Matthew to the second coming of Christ more than 39 books? You see? But I know one thing: From 1906 to 1965, there was only one: the book of Prophet William Marrison Branham and from 1965 to 2002, there was no book... [Ed: *the congregation says, Amen*] and Matth.25:6 lets us see that one day, it might be added a book in the library of God. [Ed: *the congregation says, Amen!*]. You see? [Not recorded].

You see? Burning those false versions of the Bible and preaching the midnight Cry without taking anything out, it is to have love and the fruits of the Spirit of the hour. You say: *"Oh Brother Philip, I have..."*, wait until I find Galatians 5:22... here, you say: *"Brother Philip, I have love, joy, peace, meekness..."*, that is good but if to that, you cannot add those of the Message of the hour then you have a demon. Not listening to the cassettes of evangelical praise, those are the fruits of the Spirit. You see? ... It is the greatest wisdom and humility to be. When the protestants burnt the statues and images of Mary and Jesus, it was wisdom and humility. When the apostles burnt the pharisee evangelical books in Act.19:19, it was wisdom, humility and the same Jesus-Christ. When Jesus-Christ overturned the tables, scourged those catholics, protestants, evangelicals and branhamists, that was weird but that was the fulness of wisdom. They were scandalized. According to them, Jesus should proceed differently. You see? When Jesus-Christ shouted: offspring of vipers, serpent in grass, whited tombs, fools!!!, it was the Word of God. And it is the same Jesus-Christ here at midnight! [Ed: *the congregation says: Amen!*].

It is like when these churches talk of *"Mermaid of waters"*, I do not know if that is in their Louis Segond, Ostervald, King James bible or the Tob bible of their mom but everywhere they see water, it is the *"Mermaid of waters"*. You see? If that is not in the Bible then it is in themselves that that demon is. Mermaid of waters! What is this?... Thus, when we speak of an old military cargo which came out of the sea in the vision of April 24, 1993, they see *"Mermaid of waters"*. It is the blood of their forefathers. When Noah was speaking of the Flood and the water that... for their forefathers, it was the *"Mermaid of waters"*.

When Ezekiel spoke of his visions on the bank of the river Chebar, for them, it was the *"Mermaid of waters"*. When Daniel spoke of his visions by the side of the great river Hiddekel, for their forefathers, it was the *"Mermaid of waters"*. When the apostle John spoke of revelations on the island of Patmos, for their forefathers, it was the *"Mermaid of waters"*. Whether the women in Rev.12 or the one of Rev.17, all that it is the Mermaid of waters. When John said in Rev.13: *"I stood upon the sand of the sea; and I saw a beast rising out of the sea..."* for them, it is the *"Mermaid of waters"*. And it is not astonishing if their great-grandsons see *"Mermaids of waters"* in the vision of April 24, 1993...

Well, when the Gospel came into Africa, these illiterate blacks had powerful fetishes. By those fetishes some had survived serious diseases, others had children, heavy crops... but some preachers stood there and said: You must burn these fetishes no matter the good they brought you. Because behind these fetishes are demons, fallen angels that answer you. It is the God who has created you who sends us towards you! Naturally, the children of the devil rejected the order of the Message of their time but the sons of God burnt their fetishes. In those days, that was what God required from them.

Then after that, when Satan saw that men departed from fetishes to go to church, he went himself to church over there and inspired them to make him other forms of fetishes and disguised his fetish priests as catholic priests. Rosaries, crucifixes, statues were made. And from 1517, by the Message of Luther, God asked that rosaries, relics and giant statues and images of Paul, Peter, Mary and Jesus that the sons of the devil had erected in the churches be burnt. Brethren! Burn an image of Peter, the man to whom Jesus gave the keys of the Kingdom or an image of our Lord and Saviour Jesus-Christ? It was now more difficult than burning a fetish which does not have anything Christian. And burn an image of Mary, oh! The pious catholic old women had the tears in their eyes. They were the demons of the statues that made them behave so. And you needed to have courage while everyone was cursing you. And in that time, burning a book of magic art or a fetish did not mean anything to anybody.

Then after that, Satan remembered his hiding-place of the beginning. False versions of bibles which are in fact another form of fetish that he himself inspired to make and now disguised his priests as pastors and prophets. Well, what do you notice? In the same way that the Bible says that our hearts will be turned back to the apostolic time, thus, after the statues, Satan turned back to his books of magic art of the apostolic times. And you see that Satan therefore hides behind books of Yongi Cho, Osborn... and these bibles. Thus, burning books of magic art is nothing! Burning fetishes is nothing! Burning graven images is nothing!

Then at the end what happened when bibles were burned? This billion of demons that had rebelled in the heaven and had been cast out on the earth and that had lodged behind books of magic art, fetishes, statues and bibles, entered now in these catholics, protestants, evangelicals and branhamists. They are those demons that people call holy spirits in the churches and they are the canaries of fetishes and statues of Mary that are now called Louis Segond bibles.

Well now be attentive! Why fire in the days of the apostles on the books of magic art, why fire on the fetishes? Why fire in the days of Luther on the images of Jesus and Mary? Why fire at midnight on those bibles? Why does fire pursue Satan? Why does fire pursue the catholics, protestants, evangelicals and branhamists? It is because God has destined Satan and his angels to fire... Thus, since the time of the apostles, through those hiding-places, Satan and his angels moved towards the burning lake of fire and brimstone. When Satan and his angels entered into the books of magic art, those books were burnt by the Apostles. When Satan and his angels entered into fetishes, fetishes were burnt. When Satan entered into statues, statues were burnt. When Satan and his angels entered into false bibles, those bibles were burnt. And when those bibles were burnt, Satan and his angels entered into all those who refuse the midnight Cry. We tell them everyday that the holy spirits they have, are demons but they refuse! And as we cannot burn them, God Himself prepared a burning lake of fire in Rev.20:11-15 for them. You see? In principle, that burning lake of fire had not been created for these catholics, protestants, evangelicals and branhamists but since they insist on keeping these demons in them, God will send them all there. It is the same thing for the paradise. You see? In principle, the paradise was destined to God and his angels but as God does not want to go there Alone, He redeemed us on the cross and He entered into us in the form of Holy Spirit. And being in us, He cannot go to the paradise without us. Amen, that is it. And Satan has also entered in all those catholics, protestants, evangelicals and branhamists behaving like the true Holy Spirit. The Bible says that this could mislead the elect if possible but it is not possible! If you see Satan using an "assembly of gods" or a pentecostal, you will believe that it is the true Holy Spirit but it is a demon.

Well, I would like to speak now about the seven dimensions...

[...] The first dimension is the matter, it relates to all that we can touch, see or feel, even gases, smoke, fog... the second dimension is the light, any natural light. The third dimension refers to times, seasons and periods. And these first three dimensions are in connection with our five natural senses: sight, taste, touch, smell and hearing.

Well, the fourth dimension, it is science, it refers to the waves and chemical reactions. The fifth dimension it is the torment that is the presence of Satan and demons. It is the country of the lost and dead without Christ. It is the country of nightmares and torments. Luke 16:23 talk about it: *"And in hades lifting up his eyes, being in torments, he sees Abraham afar off, and Lazarus in his bosom."* Yet the earth is in the fifth dimension as in 1 Samuel 28. That is why demons have access to us at present. Let's read 1 Sa.28:11-12: *"Then said the woman, Whom shall I bring up to thee? And he said, Bring me up Samuel.. And when the woman saw Samuel, she cried out with a loud voice; and the woman spoke to Saul, saying, Why hast thou deceived me? Even thou art Saul. And the king said to her, Be not afraid; but what didst thou see? And the woman said to Saul, I saw a god ascending out of the earth."* You see? Psalms 82:6-7 says that the prophets are gods and that is why they can enter in the remotest mysteries. Thus, before the everlasting sacrifice, that was possible but now that is no longer possible. There was separation there. There is now the torment on the one hand where the wicked of earth at the head of whom are the catholics,

protestants, evangelicals and branhamists then on the other hand, the bosom of Abraham. If after death, a fetish priest has access to you then your soul is in the fifth dimension. Or if a man dies and his coffin which is carried makes movements, dances... then that man goes straight into hell, the fifth dimension.

Thus, the separation of after death has already taken place and entering into the paradise is now direct. What the blood of bullocks could not do has been possible for two thousand years with the blood of Jesus. The blood of the bullocks only covered the sins but the blood of Jesus blots them out. And the final separation will take place after the judgement of the white throne. If you are pursued in your dreams or if you fly in your dreams your soul is then in the fifth dimension. The separation from the fifth dimension has already taken place. Gen.1:2 is no longer possible! 1 Samuel 28 is no longer possible! You see? What does Gen.1:1-10 say? You see? What does verse 2 say: "... *And the earth was waste and empty, and darkness was on the face of the deep, and the Spirit of God was hovering over the face of the waters.*" What is it? It is the fifth dimension. Waters and the deep, it is same water but verses 6 and 7 indicated already this future separation! And I indicated that Gen.1:6-7 had already taken place! Amen! There are henceforth waters which are above the expanse and waters which are under the expanse. And Luke 16:19-26 says also that it is so! [...].

But in 1 Sam.28 why did that woman have access to the prophet Samuel? Theologians say that it is not question of the prophet Samuel but the Bible says clearly that it is question of him and we keep to what the Bible says. Why did she have thus access to the prophet Samuel? Before the everlasting sacrifice and since the sin in the Garden of Eden, Satan had the keys of the only dwelleth of all the dead but Jesus took back those keys from him at the resurrection. Rev.1:17-18 "*And when I saw him I fell at his feet as dead; and he laid his right hand upon me, saying, Fear not; *I* am the first and the last, and the living one: and I became dead, and behold, I am living to the ages of ages, and have the keys of death and of hades.*"... You do see that each person on the earth has had a contact with this dimension. Some are no longer there for having accepted the Message of their time but others remained there and some whole churches are there after the example of this branhamist assembly where the protective cherub of whom pastor David is the mouthpiece descends regularly to seize some of the faithful, a young banker particularly. Oh! This demon shakes him, disfigures him, masters him and causes him to walk as a horrible monster. It is the protective cherub of their church. That is the fifth dimension. The catholic, protestant, evangelical and branhamist churches are the countries of the fifth dimension.

Well, the sixth dimension it is under the altar that is, the bosom of Abraham. Where the dead in Christ are. Rev.14:13 says: "*And I heard a voice out of the heaven saying, Write, Blessed the dead who die in the Lord from henceforth. Yea, saith the Spirit, that they may rest from their labours; for their works follow with them.*". You see? They are already saved as we see it in Rev.6:9-11: "*And when it opened the fifth seal, I saw underneath the altar the souls of them that had been slain for the word of God, and for the testimony which they held;*" And these three other dimensions are in connection with the five senses of the soul: imagination, reason, feelings, memory and conscience. You see? The body has five senses, the soul also has five senses but the spirit has only one. Either it is faith or it is doubt. Either it is of God or it is of the devil. That is why the body is the matrix of the soul, the soul is the matrix of our spirit and our spirit is the matrix of the Holy Spirit.

Well, we notice now, that after death, on the other side, the fifth and sixth dimension are separate. Yet, in 1 Samuel chapter 28, this woman necromancer of demons, had had access to the prophet Samuel because in that time, the paradise was on the earth in one place, the Sheol that is to say the bosom of Abraham and the torment, the fifth and sixth dimension were together. But after the everlasting sacrifice, Jesus entered into the Sheol and came out with all the saints of the Old Testament. Jesus-Christ said: "... *I am living to the ages of ages, and have the keys of death and of hades.*". On that day, the Lord separated the two dimensions. But the sixth dimension is still within the fifth dimension on the earth, they will be separated during the millennium. You see? Jesus-Christ said: "*they are in the world but they are not of the world*". The earth was the sixth dimension in Eden before the sin, but it has now become the fifth dimension. The Garden of Eden was placed under the altar in the sixth dimension. What was the fifth dimension? The abyss. You see? Jesus-Christ said in Matth.16 that the gates of the fifth dimension shall not prevail against us because we are, being here on the earth, in the bosom of Abraham through the new birth and the baptism of the Holy Spirit. Thus, when you see those pagan dances, those smokers, those girls in pants and miniskirts, these tightened skirts, tightened maxis [Ed: *African female dress*], these make-ups, those false hair upon their head... those parades of girls in undies that you call "Miss competition...", it is the fifth dimension. Oh! Mercy! ... The Bible says that that tormented Lot.

The seventh dimension, it is the presence of God and the holy angels...

Distances do not exist in these seven dimensions because an angel can be here at a meter from us but we cannot see him because we are not in same dimension. He can even be within us and we cannot feel him. You see? ...

Well, before going into details, I would like to talk first about another dimension which is not in number of these ones and if this revelation exists even partly somewhere, I do not know... and this is another dimension, a new dimension and it is really about that I would like to talk first in depth. You see? The moon, the stars, the sun, the nine planets [Mercury, Venus, earth, Mars, Jupiter, Saturn, Uranus, Neptune, Pluto ...] and other stars form only one galaxy and there are thousands of galaxies. And the question we often put ourselves is: *What is the role and use of these planets for us? Will we inhabit them one day? ...* I do not know what scientists say about it but the dream of inhabiting them one day will not come true and if they modify something over there, then the earth will undergo the consequences from them because all these stars and the other galaxies are the forces that govern the phenomena of the earth and its elements. Do you know that the position of the moon influences the level of the sea and that the position of the sun influences the earth? Whether the seasons of the year, the... even the air that we breathe, all natural and supernatural phenomena of the earth. The sun, the stars, the moon, the planets and each small star exert

an influence on the earth as for its slope and on our growth and subsistence in this other dimension. These stars and galaxies are living beings like the plants that you see. The air that we breathe and the life on the earth are effects of each one of them. That is why Gen.1:1 says that God created them before creating the earth. *"In the beginning God created the heavens and the earth."* So to a certain extent, the earth is not a planet like Jupiter, Saturn, Venus and other. I say that because they are the other planets that God took to form the earth like He took the ground to form us. We can only say that the earth is a planet as we also say that man is dust. Man is thereby the molecule of any creation and existence including God Himself. Man is the finality of the creation of God and when He created man, He said that it was *very good*. You see? *Very good!*

Do you know that if the earth loses only its calciums we will all die? That is the same thing! If man destroys only one of these stars, the earth will undergo repercussions from them. You see? In the same way that the cells of our system subsist by these mineral salt and others, thus the earth and these elements subsist by these stars and galaxies. It is already a danger for the fact that these astronauts go on the moon and other, later you will see imbalance that that causes with the earth! There will be diseases due to that. If only one of these stars is removed, the Earth's atmosphere will be modified. The exploration of these stars is a curiosity de trop! Man did not need them. Man explored the human body and that produced a positive result but it will not be similar for this experiment. You see? If you open a TV set, you will see a multitude of integrated circuits, diodes, condensers... each one of them had a role in the result that you obtained. And the loudspeaker serves as the earth.

Now be attentive to what I am going to say: the earth is the place of execution of all the forces coming from all the stars and galaxies. As in a TV set, there is a galaxy that represents the light zone, another galaxy for the sound zone, another galaxy for the colour zone, another galaxy for images... and the earth is the zone of execution of all these galaxies in a dimension different from the first seven. And each zone forms a heavenly constellation which has nothing to do with the zodiac which is diabolical. Numerology, horoscope and similar things are false and diabolical. No star can exert a spiritual influence upon a person. But the fact of believing in that, a demon comes and stands behind to influence your life according to what is predicted... the zodiac, the twelve constellations about which the astrologers speak do not even have their then position. According to astronomers, there is a shift of one degree (1°) every 72 years between the constellations in connection with the precession of equinoxes. Thus, there is a shift of a sign every 2000 years. About 2000 years from today, was Rev.12:1 perceptible from the island of Patmos? Did John see Rev. 12:1 from stars? My mind about that is that John did not see stars describe that. It is by visions that he spoke but the heavenly constellations indicated also that from Patmos.

In the same way that we were created from the ground and these mineral salts, thus did God create the earth in connection and from stars and galaxies. God took a part of each of them to create the earth. God created them before creating the earth... because the life on the earth depends on their stability, influence and even their positioning.

Now let's take respectively Genesis 1:27 and Genesis 2:7, observe this! Our body was created from the ground that is to say: mineral salt, oil, iron, calcium, potassium, zinc, sodium, magnesium... And when we are sick, that is due to an imbalance at their level. See drug instructions! Be attentive! The Holy Spirit, it is God Himself and God created our body from the dust of this earth but what is it for our soul? What is it of our spirit with small "s"? Do you understand? That is it! ... Elements of the ground, of the millennium and the eternity as at the creation.
